

Global Care Packages

LUTHERAN HOUR MINISTRIES
People Of Christ With The Message Of Hope

Reach the World through LHM's 'Global Care Packages' program

Many children around the world have to survive amid the horrors of war, natural disasters and poverty. **LHM Global Care Packages** provide children with school supplies and toys that bring much needed joy and hope to their all too often desperate situations.

Over the past decade, more than a quarter of a million care packages have been delivered to children in need in 20 countries around the world including the United States. Thousands of congregations and schools have discovered the blessing of giving by packing a care package for a needy child.

The care packages are shared with children in countries where LHM has ministry centers. Local LHM staff and volunteers distribute the care packages along with Gospel materials.

LHM Global Care Packages not only bring a **MOMENT OF JOY** but also shares the message of Jesus Christ with one child at a time.

How does it work?

- Volunteers pack bags that include school supplies and a toy
- Preparers write a letter to the package recipients sharing their faith in Christ and include a picture of themselves and their friends or family
- The program encourages Christians to act on their faith

You can have a part in sharing God's love through **LHM Global Care Packages**. Please register to touch a child's life today.

Pack your bags! There's a whole world out there!
